WHITE

► 912

Although we have taken great care to reproduce the colours in this colorchart, the illustrated colours are indicative only and we cannot guarantee that they are exact match.

Actual metal support samples can be obtained if required.

If the colour you want isn't in this Colorissime, we can create the colour you require (subject to minimum quantities).

# Prestige

## PEARL 60 ANTI-GRAFFITI ☺

Pearly shine

MICA PERLA ► 19A5

GOLD PERLA ► 11B5

LILA PERLA ► 1417

SKY PERLA ► 15B4

APPLE PERLA ► 1611

CAMELIA PERLA ► 1343

## INTENSE® 60 ANTI-GRAFFITI ☺

Intensity of Diamond

TRIDIUM ► 1906

CHAMPAGNE ► 1733

COPPER ► 1968

BRONZE ► 1829

SKYNIGHT ► 1522

## IRYSA® 50 ☺

Iridescent emotions

BUTTERFLY ► 79PN

CAMELEON ► 78VB

SCARABEA ► 73TS

OCTOPUS ► 79GP

LIBELA ► 77TU

SWAN ► 79SB

ISATIS ► 79WG

For these colours there may be shade variations between different lots, please check that all the material for the whole building (or façade) is ordered at the same time, and ensure that the material is erected in the same direction.

# Texture

## EDYXO® 50

Cosy & textured effect

ELIODORE ► 79GD

BEAUVILLON ► 79CH

GAYA ► 72GA

BETULA ► 71B1

CHESNUT ► 78B5

DISTENA ► 79MF

GALENA ► 79AZ

VULCANO ► 73VU

SANTAL ► 78B9

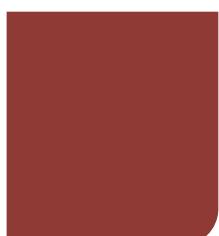

QUERCIA ► 77N1

## NATUREL 35

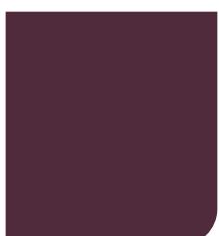

Matt attraction

SAFRAN ► 43RB

PAPRIKA ► 48TU

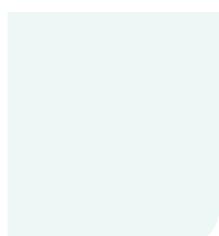

NUTMEG ► 37NU

ASPHALTE ► 5780

# Excellence

## R'UNIK 45

The new generation

## HAIREXCEL® 60

Design for life

## SINEA® 85

Ultimate protection

# Freedom

## HAIRPLUS® 25 - HAIRULTRA® 35

High standards

Freedom of colors

# Enhanced technicality

## ZMevolution®

**A unique composition for a very high resistance to corrosion and a future more respectful of our planet.**

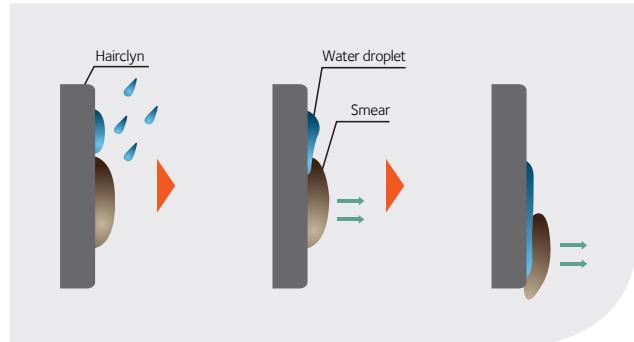

The pre-painted steels of our Colorissime color chart benefit from a new metal coating twice powerful in corrosion protection than a standard galvanized steel. Specially designed for the construction industry, this new metal coating is used throughout our range.

With ZMevolution®, you help preserve the natural resources of Zinc by halving their consumption.

## Hairclyn

Hairclyn is an innovative precoated steel with hydrophilic properties allowing the facade to be cleaned by rainwater and offering limited fouling.

Schematic of coating Hairclyn

## Flontec®

**The new anti-graffiti coating**

Graffiti on public or private façade is a problem in the urban environment that reduces the value of the building. It generates a negative social connotation.

On Flontec®, graffiti can be removed easily with cold water and high pressure washer. Flontec® is available on the Prestige, Excellence and Freedom of Colorissime®. Consult us.

ArcelorMittal

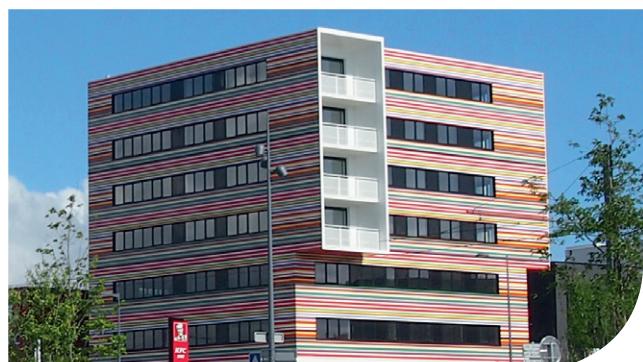

# Give life to your emotions

## Muralys®

### Switch from dream to reality

True technological and aesthetic revolution in the world of the architecture, the process of printing on steel Muralys opens the doors of your creativity. Thanks to Muralys Creativ, It is possible to reproduce any image chosen by the architect or the owner on a flat façade product from ArcelorMittal Construction. All ideas can be envisaged, even the most extravagant.

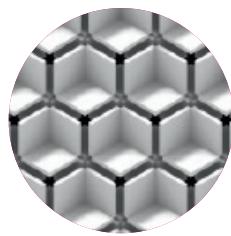

The process is also available in a version « Muralys® Collection », a range of standard visuals, entirely reproducible and substituting original materials.

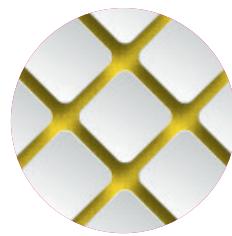

Opt for decorations and let your inventiveness speak!
